DOGS
WEST

Creating stronger more sustainable Dog Clubs

Dear Clubs

Dogs West has received a query regarding kitchen and catering usage at Sanctioned Events on Dogs West grounds.

We confirm the following:

- Kitchen use is for simple preparation and food warming/cooling only
 - Caterers hired by the Club must prepare food elsewhere and safely transport food to Dogs West
- If there are multiple Clubs on the same time, the kitchen and meeting room 2 space is to be equally shared
 - i.e. fridge, oven, bench space

- Use of the kitchen and meeting room 2 for Sanctioned Events is to cater for judges, officials and Club Patrons.
- Options for catering for exhibitors should be checked with the office at the time of booking to ensure Dogs West can provide you with guidance and support
 - For example sausage sizzles and cake stalls have specific requirements under the Food Act via City of Gosnells
 - Dogs West has created an information sheet on sausage sizzles to be provided with any BBQ hire booking
- Food safety standards for handling and transportation are a legislative requirement
 - [Food transportation information here](#)
 - [Food handling information here](#)

The above may require adjustments to the instructions you share with volunteers or caterers.

We understand you have an upcoming event, and we are here to help if you have any activities and/or set-up that needs clarification or additional support.

Warm regards

Dogs West
