Front Cover

Saturday 11 April 2026 saw Dogs West host its 4th Open Day, with perfect weather setting the scene for a fantastic day enjoyed by all who attended. The event showcased a range of activities and displays, with great engagement from both participants and visitors throughout the day. A huge THANK YOU to the organisers for delivering such a well-run and enjoyable event, and all who contributed to making the day such a success.

REMINDER - OFFICE HOURS

The Dogs West office is open to Members: Monday, Wednesday & Friday – 9:00am to 5:00pm

The office is closed to Members on Tuesdays and Thursdays.

Telephone hours remain Monday to Friday, 9:00am to 4:00pm.

On Tuesdays and Thursdays, calls may be diverted to an answering service during staff training and project work.

There is no change to grounds access, and the Alpha Dog Shop will continue to operate as usual.

My congratulations to the Open Day Working Party who coordinated the recent Dogs West Open Day – an outstanding effort and outcome, with 1,000 vehicles recorded as having attended the event by the SES Volunteers who managed access and parking.

To all the Dogs West Members who gave of their time and expertise to provide a spectacle for our visitors, thank you. The Agility fraternity are to be commended for providing an event which ran

over the full time of the event, showcasing not only the skill of the dogs and their runners, but also the teamwork of those running the event.

To everyone who gave of their time to showcase other disciplines in the second ring, thank you. And special mention must go to the duck herding which was fascinating to watch; the skill of the dogs and handler on show for all to see.

Thank you to all the breed clubs and individual breeds that showcased their dogs on the day, many visitors came to the Dogs West gazebo asking about specific breeds.

Sprint Dog was a great success I hear, with many trial runs with visitors who had come along with their dogs to have a go. Well done to our Sprint Dog community.

Every Dogs West event is supported by our Dogs West staff, and I thank them all for their efforts, working with everyone, to make it such a success.

The weather on the day could not have been better, although a little warm for this time of year. However, that will change quickly as we move into later Autumn and our events increase following the late summer lull.

One thing which stood out during the Open Day was the camaraderie between our Members, during setup, the event time and the pack up. Such a pleasure to see and be a small part of it all. Long may it continue.

Pamela Campbell

PRESIDENT

There has been plenty happening over recent weeks as we work to maintain and improve your Association.

A number of outstanding tasks have been completed, including a full power wash of the pavilion, keeping the area looking its best and ensuring it remains clean and welcoming for everyone using the Grounds.

We are also pleased to advise that Meeting Room 4 (Lower Arena) has had a 'smart' television installed. This will be used to support training and development opportunities for judges, providing a more flexible and effective space for learning and presentations.

Pest management is an ongoing part of maintaining any property, and the Dogs West grounds are no exception. Recent treatments have included extensive ant control across key areas of the venue. This is an ongoing process, and we are certainly not alone in trying to keep on top of the "little invaders".

In partnership news, Dogs West is excited to welcome Knose as a new partner. This collaboration includes involvement in a breeding program initiative which provides a number of benefits to breeders and their puppy buyers. We are also pleased to share that Knose is offering a 10% discount on insurance policies for ALL Dogs West members who choose to take up cover with them. Further details are provided within.

As this edition goes to print, nominations are open for this year's Governing Council elections. Governing Councillors play a vital role, overseeing the strategic direction of the organisation and contributing to key decision-making. Councillors are required to act in the best interests of Dogs West and its members.

Nominations close on 8th May 2026, with elections once again to be conducted by Vero Voting.

Members are strongly encouraged to take part in the upcoming election. Your participation plays an important role in helping to shape the future of our Association and ensuring we continue to move forward with strong, capable, and diverse leadership.

We thank members for their continued support and look forward to another busy and positive period ahead at Dogs West.

PRESS RELEASE

Ehrlichiosis in Australia - the advancing threat

Cases of Canine Ehrlichiosis have now been seen extensively across northern Australia, from Western Australia, Northern Territory, Northern and Northwestern Queensland and down through northern parts of South Australia. This is no longer a notifiable disease as the condition is now seen as endemic in these areas and the chance of eradication of this terrible disease has long gone. There is still a biosecurity obligation to take all reasonable steps if you suspect you have an infected dog to prevent further spread of this disease.

Cases have been reported in every state bar Tasmania, however, at this point in time, cases reported in both NSW and VIC have been from dogs that have travelled from the Northern Territory. There are new restrictions on dogs travelling into Tasmania as a result.

The number of areas where cases have been reported in QLD has increased and at latest reporting (early 2026), many north and north western districts have been listed including Mt Isa, Townsville, Carpentaria to list a few.

Any dog that is travelling through brown dog tick infested areas of Australia (including the whole of Queensland) may be at risk of infection. Brown dog tick infested areas include northern NSW, and with increasing climate warming, this line may push ever southwards. Maps that show the extent of where the brown dog tick is found throughout Australia can be seen on most (DAFF) Government sites.

Equally, most state web sites now have fairly up-to-date information available on Ehrlichiosis, the disease, its treatment and ways to try and prevent infection.

This is a deadly disease, and all dog owners should be aware of this advancing threat.

Best sites to check:-

Australian Government's Department of Agriculture: [Search Results - DAFF](#) - review details on Canine Ehrlichiosis guidelines for dog owners and guidelines for veterinarians.

[Ehrlichia canis information for veterinarians | Business Queensland](#) - updated 4.11.25.

I would strongly recommend that all owners regularly check their individual state's information bases (usually the Department of Agriculture) for regular updates on this fairly rapidly moving situation. While 2 of these sites are aimed at veterinarians, they offer very good information about the disease itself, its diagnosis, treatment and above all, prevention!

Check dates, recent updates are important to keep in mind as the most current information available of where the deadly disease is moving.

Dr Karen Hedberg BVSc,

Chair Dogs Australia Health and Wellbeing Committee

Call for Expressions of Interest – Dogs West Oral History Project

Dogs West is launching an Oral History Project to preserve the stories, memories, and experiences that have shaped dog sport in Western Australia. This initiative recognises that much of our history exists only in the recollections of members, and aims to ensure these stories are recorded for future generations.

A volunteer working group, led by Scott Seymour, has been approved by Governing Council to develop the procedures and processes for collecting and preserving oral histories. The group will focus on practical approaches to interviewing, recording, storage, and long-term preservation.

We are seeking Expressions of Interest from members with skills or interest in areas such as history, archiving, communication, interviewing, digital recording, project coordination, administration, and all dog sports disciplines.

The working group will be small, collaborative, and hands-on, helping to shape how Dogs West captures and safeguards its heritage.

If you are interested in being involved, please email a brief Expression of Interest outlining your background and interest to:

Western Classic 2026

It takes a special group of people to bring the Western Classic to life, the performance section led by Jill Houston for the DWD, Obedience, Rally and Tricks and Sam Shields for the Agility was a great success these two ladies worked tirelessly with the rest of the Western Classic committee to bring a weekend that everyone could be proud of and enjoy

To Tony Crocker and Penny Kelly thank-you for being so welcoming to the performance people, it was lovely to take our tickets to the office and be greeted with a congratulations as extra prizes were given out

The judges were welcoming and we thank them so much for their time, the stewards that gave up their weekend and with enthusiasm helped the judges run the rings efficiently thank-you.

The Sponsors just wonderful special thanks to our Major Sponsor Royal Canin plus special mention to Southern River Obedience for donating the Obedience equipment, Denver Designs, Heiniger, Simply Seaweed, Kym Glenny

Big thank-you to Jodie Greive as the official photographer who made the extra trip each day to take photos of the performance winners on the Royal Canin podium it was really special and a photo I am sure all the winners will treasure

Now to the performances

DWD saw so many great routines with fantastic costumes and clever choreographed routines, we had four routines gaining that elusive Grand Champion score, using the new sound system the music blared out in perfect pitch

Obedience if you wanted focus, super heeling and fast retrieves look no further than the Obedience Dogs so many high scores and fantastic work.

Rally saw a record 29 dogs entered in the Master Rally class and all the dogs performing the news signs like professionals with the winner gaining a perfect score, the other rings were also well represented with high scores being awarded again another perfect score from Excellent.

Trick Test and we had so many entries in each of the classes with some of the dogs making their debut in the Trick ring it was so much fun to watch the dogs perform.

Agility superb handling super qualifiers and dogs and handlers showing that connection that is needed to bring home the clear round, what

was fantastic in all these sports was the cheers that went up around the rings in all the disciplines celebrating the performances, we all know how hard it is to achieve

There was 26 contenders for the versatility award which meant that the dogs had to be entered in three different disciplines to be eligible for the award, this number in itself is a testament to the dedication of our handlers to teach their dogs new things.

Our winner and huge congratulations working with such team work was FS GR CH HTM GR CH O GR CH R GR CH NOBLESTARZZ CHASE THE ACE handled by Jill Houston

This year both Sprint Dog and Scent tests were added to the programme and it shows the desire by the Western Classic committee to include everyone in this special event.

Sportsmanship medals were awarded each night but there were so many people that gave 100% to make this a special event so give yourselves a pat on the back.

DOGS WEST PARTNER

PARTNER ANNOUNCEMENT · DOGS WEST & KNOSE PET INSURANCE

At Knose, we believe pet insurance should be there from the very first day a puppy comes home. That's why we're proud to be partnering with Dogs West — one of Australia's most respected canine organisations — to bring their registered breeders access to the **Knose Breeder Partner Program**.

"Protection that begins at handover — and can stay with that dog for life."

What Is the Knose Breeder Partner Program?

The Knose Breeder Partner Program is a free program that lets you offer every new puppy buyer **up to two months of complimentary pet insurance** at handover. There's no cost to you, no paperwork nightmare, and no obligation for the new owner to continue beyond the free period.

Once registered, you use the Knose Breeder Portal to load your litter and set a policy start date — typically the day before the puppy goes home. At handover, you transfer the policy to the new owner. They receive **30 days of cover immediately**, plus an additional 30 days when they accept the transfer.

Why It Matters

Having insurance in place from Day 1 means new owners can focus on settling their puppy in, not worrying about vet bills. And because Knose offers lifetime cover, chronic conditions included, the protection you set up at handover can stay with that dog for life.

WHAT'S COVERED

- Unexpected injuries and accidents
- No sub-limits — full annual limit up to **\$25,000** on any eligible condition
- Flexible cover: 70%, 80% or 90% benefit; \$0, \$100 or \$200 annual excess
- Optional extras: dental illness, behavioural, physiotherapy, acupuncture, hydrotherapy
- Exclusion periods waived for illness and injury if the puppy was vet-checked within four weeks prior to policy start (excluding specified conditions)
- Free vet nurse advice for all Knose members
- Most claims settled within **5 working days**

5%

Lifetime commission on the base premium for every new owner who continues beyond the free period. Prefer to pass it on? Offer it as a 5% lifetime discount instead.

EXCLUSIVE DISCOUNT FOR DOGS WEST MEMBERS

10% off

As a Dogs West member, you're entitled to a 10% discount off your own Knose Pet Insurance policy — because your dogs deserve the same protection you're offering your buyers. Contact your Dogs West office for a one-time use promotional code.

The Breeder Team at Knose is truly thrilled to support Dogs West in their wonderful work connecting healthy, happy puppies with loving new homes. We feel privileged to play even a small part in that journey.

— Roy Dunn · Head of Breeder Department, Knose

We look forward to seeing more Dogs West puppies leave home protected, and more registered breeders rewarded for the care and dedication they put into every litter.

REMINDER TO EXHIBITORS

- MEMBERSHIP & REGISTRATION REQUIREMENTS

A reminder to all exhibitors that dogs entered in DogsWest events must be registered with DogsWest (or a recognised state member body).

It is also a requirement that **all persons listed as owners on the dog's registration certificate are current financial members of DogsWest or an equivalent state member body.**

If any listed owner is not a financial member, the dog is not eligible to compete.

To support fairness and compliance across all events, **audits may be conducted.** Where a dog is found to be ineligible, **any points, awards, or placings gained will be forfeited.**

We appreciate exhibitors taking the time to ensure both their membership and their dog's registration details are up to date before entering events. Entries that do not meet these requirements cannot be accepted.

Thank you for your cooperation and ongoing support in maintaining fair and well-run events.

Introducing a New Dog Sport to Australia - Bale Seek

The name may be new, but a similar sport has been enjoyed in a few other countries over the past 10-14 years. The conditions and Code of Ethics in Australia dictate that the rules and sport be different from its overseas origins, in the props used, classes offered, and non-live quarry/scent tubes.

The sport derives its roots from farm dogs ridding sheds and storage areas of vermin that damaged food. This work involved searching, scenting, and agility to access where the vermin hid. If a dog could not reach the vermin, it would alert its master to the location, and together they could remove the vermin.

The sport has been promoted unofficially for the past 3 years in WA through fun practice days, led by Brigitte Walkey, who is a past Judge in the related discipline of Barn Hunt in North America. Ms Walkey also titled 3 of her own dogs in that discipline.

Ms Walkey has been appointed by Dogs Australia as the Chair of the National Bale Seek Working Party. This will unify and standardise the sport of Bale Seek across Australia. Currently, there are 6 States getting involved - WA, QLD, NSW, TAS, SA, and VIC.

The sport is open to all breeds and Associate Registered dogs. Some of the dogs that have enjoyed the fun training days came from the Toy group, such as English Toy Terriers, and others from the Working and Utility groups, such as Kelpies and Mastiffs. To date, we have seen breeds from every Group participate.

The sport is held in a well-fenced area and involves bales of straw or hay (7-9 bales in the Instinct level, and up to 50 bales in the Master level) set out in specific patterns that include a tunnel made of bales and support boards. The Novice class has a short, straight tunnel, but in the highest class, Master, the tunnel will contain 3-4 turns! The

amount of hidden PVC tubes varies per class, from 3 tubes in Novice to 8 tubes in Master.

If you have had the chance to come watch this sport or participate, you know how much fun the dogs are having! They get to use their best attribute - their noses - to search around and over bales of straw or hay, looking to indicate to their handlers where the "quarry" is hiding. The scented items are hidden in strong PVC tubes that are lightly covered with loose straw so that neither the dog nor the handler can see them, yet the dog can smell them. Once the dog indicates the find (through touching the tube with their nose, pawing at it, staring, and/or vocalising) then the handler must call it so the Judge may then confirm it, or it might be an empty tube! That's where training helps, so the dog and handler work as a team. The sport challenges the team to work together.

There are titles to be earned in 6 regular classes and Veteran classes, plus an unofficial, fast-paced class called Super Seven Snuffle. Bale Seek is an excellent spectator sport, too! The events are currently held at Dogs West in the cooler months from late April until early October.

WA is leading the way with training Foundation Judges and hopes to hold their first official Trials in September and/or October of this year. Other States are not far behind because last year Ms Walkey already visited TAS, NSW, and QLD to promote Bale Seek through fun practice days. There is a huge interest in participation and welcoming this new sport officially across Australia. We hope you and your dog will come join the fun at the next Bale Seek event!

For further information, contact Dogs West and also look to follow this discipline on Facebook - Bale Seek Western Australia.

2.37.2 The dog is presented in a manner that is unlikely to create a negative reaction to dogs generally or that breed in particular and that if there is any likelihood of a negative impression, this is at the same time corrected through the development of a story line that presents the dog or breed in a balanced manner.

2.38 A member shall oppose all activities which involve cruelty to dogs or in which dogs inflict damage on other dogs or other animals excluding the hunting of vermin.

2.39 A breeder must include their ANKC Ltd Member Body Membership Number in any advertisement for puppies whatever the media and all members must include the following wording in their advertisements:

"Please contact Dogs West on email: k9@dogswest.com to verify my membership."
