PD Spotlights Accidental Ingestion in Dogs

Following infection and injury, PD claims data shows that accidental ingestion the 3rd most common type of health issue claimed for. Unlike some health issues, accidental ingestion is preventable, through a range of steps such as training, pet proofing or using a basket muzzle. It's not surprising this health issue so commonly affects our dogs, considering their penchant for exploring with their mouths. They also can't always tell safe from unsafe—which is why we need to be that protective net. Learn more about accidental ingestion in dogs and how to prevent it [here](#).

- Make sure you're using the **correct registration number** for both yourself and your dog.
- Your **member number** should match the number on your Dogs West membership card.

Limited Register Dogs?

- If your dog is on the **Limited Register**, try **removing the “LR”** at the end of the number when searching.

Is Your Dog Linked to Your Membership?

The most common issue is that the dog record isn't connected to a **current, financial membership**. This might be because:

- The dog is **co-owned**, and a joint membership is not current.
- Your membership has **expired** or hasn't been processed yet.

To verify your membership or your dogs registration number you can contact Dogs West.

Please note: Top Dog Events are **not run or managed by Dogs West**. If you continue to experience problems entering, we recommend contacting **Top Dog Events directly** for support.
